—Hicks says "before the end of April the season will be opened, with a propitious outlook for all who have their agricultural interests well in hand, and who are planning for early crops."
—The "Earnest Workers" of the Presbyterian church will give a social at the residence of Mahon Winer, on Kansas avenue east, on Thursday evening, April 15th. All are cordially invited. Refreshments 10 cents.
—T. A. McNeal came down from Topeka Friday, to make his family a visit, returning again Sunday. He has made all arrangements for publishing the Kansas Breeze, and we are looking every day for the first number to arrive.
—Miss Pet Winer, a former clerk in the postoffice, left for Medicine Lodge Sunday, where she has accepted a position in the office of Register of Deeds. Her many friends regret her departure, but wish her well in her new home.
—Attica Tribune.
—A careless individual, while passing the home of L. W. Moore, miles southeast of the city on Wednesday, threw a lighted match on the prairie and in a few minutes Mrs. Moore and her children and the neighbors were fighting desperately to save their homes. Fortunately no serious damage was done, but the angry villain escaped detection.
—Alva Pioneer.
—Supt. Chase shut off the water on east Kansas avenue and the southeast part of the city last Saturday, in order to supply the people in the northern part of town, with water. The change will, no doubt, be relished by our friends in the north part, as they were having the pleasure of carrying their water from wells at a long distance from their respective residences.
—Three boys of this city took three horses and started for Kansas City last Sunday night. Their direction was anticipated and telegrams sent to different points. Just as they arrived at Medicine Lodge the marshal received telegram and took charge of them and telegraphed for instructions. He was wired to hold them and Com. Harrell and Arthur Dumenil arrived there Monday night and on Tuesday brought them home. Such undertakings are attended with great danger and many times with much suffering. We hope these boys, and all boys, will take warning and never undertake such dangerous business.—Pratt County Union.
—Judge T. L. O'Bryan left Friday for Medicine Lodge, Kansas, called there on account of the sickness of his wife. He will return in two or three days. The Judge will move his family on his claim near town shortly. They will be quite an addition to Woodward society, as they are refined and intelligent people. The Judge has been unfortunate in a financial way. Owing to crop failures and the depreciation in value of farm lands during the past five years, he has suffered a loss of more than \$20,000, almost all his wealth. This is a hard blow on the Judge at this period of his life. We hope that he will yet recover what he has lost, and recover it right here in N. County. The Judge deserves to prosper, as he is a good, kind-hearted man.—Woodward Enterprise.
—Has it ever occurred to our delinquent subscribers that they are in duty bound to call around and pay for the paper for which they are in arrears. They may think we are governed by vagaries when we say that even a printer must have something, occasionally, upon which to subsist besides wind; but it remains a fact nevertheless, however fallacious and incompatible with human nature it may seem. We are especially surprised to find that so many who pass our office weekly (we might say daily) are one to three years behind on our subscription books. Our foreign list is a thing of which we are ashamed, if our subscribers are not. Ashamed because the INDEX has been so mercifully duned. In scanning our subscription, we find that fully 75 percent are in arrears, many from three to five years. At first we thought it was an optical delusion but a careful research has convinced us that it is an astounding reality. Why not stop in and get straight? We know it is negligence upon the part of most of them, and this is intended as a gentle reminder. We are aware of the fact that times are hard but we are also confident that there is scarcely one on our books who is unable to "scrape up" one small dollar. It is but a small thing to you individually, while the amount outstanding is a great deal to us. There are some who are just mean enough to disregard the debt and who never intend to pay; however there are few of this class. To those of that faith, we will say that you are very near to the end of the string. Pay your subscription! If there is anyone to whom St. Peter will turn a cold shoulder at the judgment bar, it is a chronic delinquent subscriber to a newspaper.

—Smoke Duke of Naples cigar. 38.
—Postmaster Axline returned from the republican league pow-wow Friday.
—Mrs. T. A. McCleary is visiting her daughter, Mrs. Cahill, at Kansas City.
—Chas. Rankin moved last Friday into the L. W. Moore property in the west part of town.
—Miss Ethel Simmons came in from New York Friday, to pay her sister a visit, Mrs. Arthur Shaw.
—Leonard Colvin, a druggist of Wichita, has accepted a position in the Young drug store of this city.
—Under Sheriff Matthews has moved into the Capt. Sken property recently vacated by Treasurer Potes.
—City Marshal Gano has given notice that he will put all stock caught running at large, in the city pound.
—Kiowa was the victim of a bear dance last Thursday. Only two ladies witnessed the performance. Modesty!
—Guy Sparks came up from Enid last Friday. He says they have had no rain in that country and it is as dry there as here.
—Last Saturday was the quietest for some time, very few farmers being in the city, and trade very light among the merchants.
—C. C. Hudson came up from Kiowa Friday evening to attend the Directors meeting held Saturday. He returned Sunday morning.
—We notice in the Harper Sentinel that Misses Rachel and Emily Mounsey have registered at the Normal school and will take the normal course.
—Mrs. August Schmidt who has been receiving medical treatment at Wichita for the past month returned last Wednesday, much improved in health.
—Frank Gordon who came near losing his leg by being thrown into the wire fence by his team, running away, came in last Wednesday from Liberty, Missouri.
—The regular County Teacher's examination will be held April, 28th, at Medicine Lodge. Examination begins 8:30 a. m. M. M. Gamble County Superintendent.
—Judge O'Bryan, now a leading citizen of Woodward Oklahoma, came up last Friday evening to visit his family in this city. He returned to Woodward Monday.
—We received from Hon. Jerry Simpson last week a package containing his speeches on silver bullion, delivered February 13th. Any one wanting one may have it by calling at this office.
—J. W. Lappin was in the city Saturday. He is located near Waycross, Ga., where he seems to be very well satisfied. Mr. Lappin was one of our old and best citizens who joined many other of our good people in the Strip.
—R. V. Bloom called on us Saturday looking lonely. Mrs. Bloom accompanied her son-in-law W. E. Callaway and family who departed for their new home near Woodward. She will also visit her daughter at Camp Supply before returning. Hence Mr. Bloom's loneliness.
—The county commissioners met in regular session Monday. Up to this writing comparatively nothing has been done. Most of the time, Monday was consumed in organizing. Yesterday several bills were allowed and some other business of minor importance was transacted.
—Dick Kelley who has recently resigned his position in this office, has been appointed assistant postmaster at Kiowa. Knowing Dick to be a first-class rustler and very thorough in business qualifications, we congratulate the people of Kiowa upon receiving the services of one so eminently fitted for the place.
—The Rev. E. S. Thomas, Bishop of Kansas, will visit St. Marks Mission next week Tuesday, April 19. Services will be held in the new rooms fitted by the Daughters of the King at the north end of Main street. Part of the music for the occasion will be rendered by the ladies quartette preparing to sing at the Hutchinson Jubilee.
—D. F. Painter received the intelligence last Friday from pension department that his pension claim had been rejected. Mr. Painter served his country nearly four years and is certainly deserving of his claims, but the bosses and fixers say "no." Hence "no" goes. How those fellows up at Washington do love the old soldiers. Bah!
—Populist of this county should be awake and at work. Times are hard it is true. But we haven't struck rock yet; and unless organized, when the crisis comes our energies will be paralyzed and futile. And depend on it a crisis is coming, a time when success or failure is ours if we are prepared to fight for it, but the fight depends on the thoroughness of local organization.
—The INDEX would like to have several good live correspondents in different parts of the county who will send us the news every week or as often as convenient to do so. Send your item in so we can give our readers in your locality the news. To all such we will send the INDEX free, besides furnishing paper and envelopes for your use in giving us the news.
—Mean men are not all dead, and occasionally one calls himself a populist. We know of a few who refuse to pay up a pauper subscription when the stockholders of the INDEX are burdened with past indebtedness that they are struggling to pay, yet they pay cash for republican papers. We are not trying to urge a boycott on republican papers. We believe intelligent voters will read all kinds; but they should support their friends first, or take off the mask of hypocrisy and cease to pretend to be what they are not.
—When Chester I. Long was here the other day he started out to find the Republican office. He was not provided with an escort, and started west from the First National bank. On arriving at the alley, only about 400 feet north of the Republican office, he met a man and inquired for the office. The man told him he could reach it by going through the alley, and pointed out the building. Notwithstanding the alley is clean and nice for pedestrians, he marched down to Main street and down to Briggs' corner and west to the office. Wonder if he follows the streets of his own town so closely?—Pratt County Union.

—Chester I. Long came in yesterday.
—Will Painter went to his claim in the Strip, yesterday.
—W. C. Sellars leaves tomorrow for Kansas City, on a business trip.
—Riley Lake left Saturday, to look after his stage business in the Strip.
—Miss Lena O'Bryan left last Saturday for Kansas City to visit with her friend Miss Gertrude Ellis.
—Jake Romig has accepted a position in Chase and Coan's hardware store. Ed Standiford now drives the express wagon.
—As we go to press, we learn that Mrs. Sken is lying at the point of death, at Roundup. Her fatality is traceable to a tumor in the stomach.
—Services were held by Dean Rhames in the Episcopal chapel on Main street last Sunday and Monday evenings. The house was well filled on both occasions. One person was baptized on Monday evening preparatory to confirmation. There will be a large class presented this year at the Bishop's visitation.
—Something in the nature of a new invention has struck the town. We won't venture to say what it is but we'll make a guess. An anterior view would indicate that the inventor endeavored to make a breaking plow but gave up the job before he gained much headway; while a posterior view would suggest to the casual observer that the inventor had a locomotive project in view; the "symptoms" of a gang plow; but the whole thing most resembles a flying machine on wheels. It is wonderful invention but we believe we'll take the old safety bicycle in ours.
—Rev. Thorne, the Seven-day Adventist Preacher, closed his meetings Sunday night. His main line of attack seemed to be on the Catholic church, its founders, and the officers of our country who give it assistance. However, he scored the Protestants severely for following Catholic doctrine by observing the first instead of the seventh day as the Sabbath. As a consequence of his lectures, we have received communication from our esteemed citizen, Dr. Kociel, We, reluctantly, refused to publish the Doctor's article, not because we bear him any ill-will, but because we are convinced that the public press is not the place to carry on religious strife. We believe that there is a deeper question confronting humanity, which concerns the public vitality, more than sectarian gossip. We believe, also, that our readers are with us in this decision and our conscience forbids our infringing on their rights. We hope the Doctor will view this matter from a reasonable standpoint and see that we have chosen the proper course. We will state that Mr. Kociel brands the accusations of Rev. Thorne to be false and unreliable, in reference to the Catholic church. We hope this will be the last time that any of our friends will ask us to meddle with a religious contention.
—Council Meeting.
The new city council met Monday evening with all members present. The mayor made his appointments of officers which are the same as made last year, as follows:
City marshal, J. B. Gano.
Ditch superintendent, Mort Updegraff.
City attorney, A. L. Noble.
City clerk, S. L. Allen.
City treasurer, Waldron Chase.
T. L. Lindley and Frank Lewis were appointed as an auditing committee.
A bill of John Brown of \$21.50 for putting down sidewalk on Main street was allowed. It may be well to say the amount will be assessed against the property owners.
The bill of Shaw brothers of \$68 for putting in a new wheel in the tower at the mill was laid over. The council seems to think the city is not responsible for the breaking of that part of the machinery.
After discussing the water works question at some length, Mr. Chase informed the council that he thought Mr. Best would let the city have the use of the pump at the mill for not longer than 90 days, until the city could make other permanent arrangements. The city to pay all running expenses, which would be about \$8 a day. A motion was made empowering Mr. Chase to make such a contract with Mr. Best. Mr. Chase thought the city could cut loose from the railroad within four days, although a contract is in force requiring 30 days notice. It is to be hoped by that time the city will have a water system of her own that will give satisfaction to everyone.
The council adjourned to meet next Wednesday evening, April 15th.
